Student Needs

Student dropped course 6900 when they should have taken an incomplete. It was recommended now they wait and retake the course next year. Student will need to take 7400 and 7600 levels.

Plan to develop criteria for 6900. Consider not letting students enroll in 7400/7600 until they have their proposals done.

Note: Master Proposal Rubrics are due at the end of the semester.

Require students to submit their work for plagiarism before they turn it in.

Have an orientation with TEAL advisors so they understand our program before advising.
